

Congratulations on Your New Golden Retriever!

Congratulations on Your New Golden Retriever!

The GRCWA welcomes you to the family of golden retriever lovers and owners. We were established in 1973 and are recognised by both the Australian National Kennel Council (ANKC) and DogsWest. Our breed was established in the middle of the 19th century, in the Scottish Highlands, by Lord Tweedmouth. The Golden Retriever is a kind, friendly and confident dog. Its desire to please humans is legendary— making it both a top retrieving and obedience competitor, a popular assistance dog and a first-rate companion dog for families. The GRCWA supports the careful and educated breeding of healthy Golden Retrievers. Specific information about health and welfare of the breed is available at grcwa.com.

Breeding

Breeding dogs is a great responsibility that requires a significant investment of time, education and resources. The GRCWA has mentors and information available to help, should you decide to breed or show your dog.

Training

Training your new pup is important. By six months of age, most behaviour problems have developed. Early socialisation and training will avoid most problems before they become more difficult and frustrating. Purchase the clubs New Puppy! Now What? Book for excellent puppy raising advice. Purchase online at www.grcwa.com/events/fundraising-store

Join Us

All owners who join the GRCWA receive our monthly magazine, The Golden PawPrint, which offers informative articles about nutrition, training, grooming and much more fun things to do with your dog or new puppy. Our magazine is one of the best breed club's magazines with an online version for members. We also offer continuing education via our website which is available to everyone. Articles about training tips, puppies, nutrition, breeding, local and national events are posted. Our fundraising store has a few training books that are available for purchase. Visit grcwa.com and sign up now!
